The Formax **Cut-True 23S Electric Paper Cutter** offers precision cutting for paper stacks up to 16.9" wide and up to 1.75" high. This semi-automatic cutter requires very little effort, with its electronically-controlled two-button operation, and doesn't sacrifice safety for accuracy. It features an electronically-controlled front safety cover, a safety lock with key, an easy to use blade change safety tool, and a wooden paper push for safe alignment. The Cut-True 23S is ideal for transforming brochures, invitations and more, with crisp, accurate cuts, and is a welcome addition to print shops and in-plant finishing.

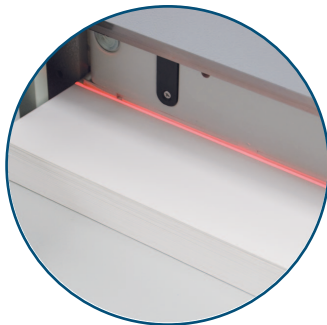

**Electronically Controlled Safety Cover**  
Immediately stops operation if the cover is lifted

**LED Back Gauge Display**  
Get a precise cut using standard or metric settings

**Two-Hand Operation**  
Safely engages clamp and blade, keeping hands away from the cutting area

**LED Laser Cutting Line**  
Shows exactly where the blade will cut, allowing for precise adjustments

**Manual Back Gauge Adjustment**  
Fine-tune control for precision cutting

**Blade Change Safety Tool Kit**  
Change blades safely and easily, and make adjustments
