Model SS13

The portable shrink-wrap system that will "SHRINK" your packaging costs!

Your best value in a portable shrink-wrap system. Where else can you get all these features in one affordable system?

HOTSHOT
adjustable temp
professional heat gun

FEATURES

- No Assembly Required
- Portable and Light Weight
- Reversible Silicone Sealing Pad
- Heat Gun Plugs into Main Unit
- Sleek Design
- Built to Last
- Two-year factory warranty

BENEFITS

- The Super Sealer is ready when you are. There's no warm-up or cool down time ever.
- Put your Super Sealer anywhere or take it with you.
- Eliminates costly replacements - If one side wears out, just flip it over and use the other side.
- Takes only one wall outlet to operate the entire system.
- No need to hide your Super Sealer. It will look great on your countertop.
- Maintenance free industrial construction. Made in the U.S.A.
- Comes complete with maintenance kit and deluxe industrial heat gun.
